

# SONGWRITERS WANTED

## VOLUNTEER COORDINATORS NEEDED TO HELP LAUNCH AND DEVELOP REGIONAL WRITERS GROUPS ACROSS CANADA

### GOALS

The S.A.C. Regional Writers Group (RWG) program was created to:

- provide members with an educational program that fosters the advancement of knowledge in the craft and enterprise of songwriting
- reach members living outside major city centers and keep them apprised of changes that affect their rights
- create and maintain a sense of community among all members nationwide.

### FORMAT

A RWG may be established with a small number of songwriters who are (or may potentially be) members of the S.A.C., and who are committed to improving their skills as songwriters. Group meetings are planned around the needs of the group (minimum monthly) and held in public spaces at no cost to attendees.

### VOLUNTEER COORDINATORS

Volunteer Coordinators are needed to act as a liaison between the S.A.C. and the RWG and will organize each meeting. All RWG coordinators must fill out an application, sign an agreement and be approved by the S.A.C. prior to starting a group. Volunteer Coordinators may choose to have an assistant to run meetings when they are unable. Meetings run on a monthly basis and are advertised on our website and Facebook. Coordinators are required to upkeep Facebook groups as much as possible and are required to report, via email, after each meeting. Occasionally we may call on a RWG coordinator to represent the S.A.C. at certain industry events in his or her city. In return, a coordinator will receive a complimentary membership to the S.A.C. (value \$60/year).

To qualify, one must be:

- in an area where a RWG doesn't already exist
- well respected in their community
- committed and willing to coordinate events
- organized with strong communications skills
- reachable by email
